

## Invitation Letter To:

اليوم الثقافي المغربي

**The 2<sup>nd</sup> Annual Moroccan Cultural Day**

*Your Gateway to the Kingdom of Morocco*

Wednesday, June 6, 2018

Dear Dr. Dianne Kelly,

It is a very proud day for the Moroccan American Community in Revere to announce the second annual Moroccan Cultural Day for 2018. We are organizing an event that we believe will surpass the one in 2017. The primary goal of the Cultural Day is to once again show the people of Revere that the Moroccan American Community plays an integral role in this city while at the same time displaying the culture of our motherland.

This year's event will take place on Saturday, June 23rd. from 3:00pm to 7:00pm. It will again take place on Shirley Ave. at the Municipal Parking Lot. All of the people of Revere and beyond are cordially invited to attend this year's Moroccan Cultural Day including family and friends. We are once again inviting government officials and all our guests are invited to speak to them personally.

When we speak about the culture of Morocco we include music, food, art and more. For example, this year the men and women are invited to participate in a Moroccan dress contest. The winners will be presented to the audience and receive the title of Miss and Mr. Moroccan American. We have also included the favorite sport in Morocco, soccer. There will be a soccer tournament dedicated to the memory of the late city councilor, Bob Haas. Not only is the tournament local but there will be teams from Virginia, Washington D.C., New York, Maryland and Pennsylvania. All of the funds raised by the soccer tournament will be presented to Revere High School to be used as a scholarship.

Finally and most importantly the most spectacular happening at the Cultural Day will not be announced in this letter. It is too special. However, it involves Casablanca, Morocco. This will get everyone to come to the Moroccan Cultural Day and it will be worth it. We hope to see you there on June 23rd.

Yours Sincerely,

*Rmoukhabir*

Rachid Moukhabir, BS, MBA
