February 2020

Dear Families:

Every year, each public school and school district in Massachusetts receives a report card. Just as your child’s report card shows how they are doing in different subjects, the school’s report card is designed to show families how our school is doing in different areas. A link to our school’s report card is available at http://www.reverek12.org/Content2/8

The report card includes multiple measures of a school’s performance – more than just MCAS scores. It represents a new way of looking at school performance, by providing information on student achievement, teacher qualifications, student learning opportunities, and more.

Report cards are designed to be useful tools for everyone connected to our school. Families can use the information to have meaningful conversations with us about what the school is doing well and where there is room for improvement. Community and education leaders can use the information to better understand how to support students and our school.

You will notice on our report card that Revere’s overall classification is “partially meeting targets” and we do not require assistance or intervention by the state. To improve we are providing opportunities for targeted intervention to close the achievement gaps for all students, establishing structures and policies that accurately communicate student achievement, and increasing the opportunities for parents, students, and educators to provide input and feedback that inform district decision making.

We encourage you to become involved in helping us improve our school. We see parents and caregivers as critical partners in the success of our students and school, and we are grateful for your continued support.

Finally, if your child attends a school that receives federal Title I funds, you also have the right to request information about the qualifications of your child’s classroom teachers.

If you have questions about our report card, would like to become involved in school improvement activities, or would like to request information about the qualifications of your child’s classroom teacher, please reach out to a building administrator or central office. To see our district’s report card or to search for other schools’ report cards, visit http://reportcards.doe.mass.edu/2019/districtreportcard/02480000

Sincerely,

Briana Tsoupas
