MAY 2, 2019

Beachmont

This week, the Beachmont School had its PBIS celebration! This event was a reward for students who consistently demonstrated the school expectations of being respectful, responsible, safe, and kind. All students in K-5 participated in this Game Night themed event! Students played board games, Twister, Jumbo Jenga, and made puzzles. Thanks to our PBIS and Encore team for putting this special day together!

Garfield

This week Grade 3 students will be taking a field trip to visit Plimouth Plantation to learn more about the lives of the Pilgrims and Native Americans who were living in Massachusetts hundreds of years ago. May 6 is National Nurses Day, celebrated each year to recognize and honor nurses, including school nurses, for the amazing work they do each day. Teacher appreciation week begins on Monday, May 6, and continues through Friday, May 10, with National Teacher Day on Tuesday, May 8. Since 1984, National PTA has designated one week in May as a special time to honor the men and women who lend their passion and skills to educating our children. Please make time during this week to let our teachers know how much we appreciate all that they do for our students, from dedicating time to planning high quality lessons, to building positive relationships with each and every student, to attending after school events and meetings, our teachers' work goes beyond the classroom in big ways and small.

Garfield Middle

Garfield Middle School hosted the third quarterly Support Staff Community Night on Monday. Parents who attended were extremely grateful for the information and resources on anxiety and depression that were presented by Dr. Libon and Dr. Joaquim. A sincere thank you to Dr. Joaquim, Ms. D'Apolito, Ms. Kudzelko, Ms. Venditti, and Ms. Gagnon for putting this event together. Mr. Bolton and the GMS Rock Ensemble will be performing this Friday night along with the RHS Rock Ensemble. It promises to be an excellent show.

Hill

The Hill school began our Walk to School program again [on Wednesday May 1st](#). It is a great opportunity for our students to walk to school with teachers and peers! The Hill school has a large group of students who participated in the Student Showcase on Thursday at the high school. It was a fantastic opportunity to showcase our work here at the Hill and the students all did an excellent job. Important dates to remember for next week are [Thursday May 9th](#) and [Friday May 10th](#) as our fifth grade students will be taking their Math MCAS.

Lincoln

Now that spring is upon us, Walk to School Wednesday (weather permitting) at the Lincoln has started up! Walk to School increases student physical activity, allows students of all ages to enjoy walking together in the morning, and decreases pollution. We're especially appreciative of physical education teacher Ms. Feeney for organizing this event for us. For information, including a map that details starting places, click [here](#). We hope to see you walking with us!

Paul Revere

This week our Kindergarten students were visited by many members of our community who shared their experiences as Community Helpers. They were paid a visit by a local dentist, who treated everyone to new toothbrushes! The Revere Fire Department talked about fire safety and brought the ladder truck, which is always a hit. Mayor Brian Arrigo and Dr. Dianne Kelly talked about

the important jobs they do in Revere. We are thankful to all who participated in this fun week!

Rumney Marsh Academy

This week, Ms. Moore and Ms. Cronin's sixth grade students began their Science Engineering Performance Task. The RMA Science Team worked together during their daily PLG period in creating this task with support from our MCIEA Coach and MCIEA team members. Each grade has their own variation of the task, a task that builds upon previous engineering standards while addressing the current grade-level expectations in the most effective and engaging way. We look forward to seeing the students' amazing work in the upcoming weeks!

Revere High School

On April 24th, Ms. Giesser and Ms. Butler took 40 sophomores to the Museum of Fine Arts in Boston. Students did narrative, argumentative, and research writing to prep. At the Museum, students explored works of art spanning six continents and thousands of years of history, built relationships, expanded their connection to Boston, and returned energized to finish the rest of the school year. Nine RHS students participated in the MSDL state speech finals on Saturday, April 6th. Highlights include Kevin Cano's 2nd place finish in Declamation; Seba Ismail reaching semi-finals in Prose Reading and Yasmin Ouakani and Anthony Insogna finishing 4th and 6th respectively in Novice Oral Interp. Seba is now preparing for the NCFL Grand National Tournament to be held in Milwaukee, Wisconsin over Memorial Day weekend. Thanks to Mr. Fellowes for his work as Advisor to this Club.

Seacoast

On May 1st the SeaCoast staff donned their college gear to celebrate "Alma Mater Day" to model to our students the importance of pursuing a post-secondary education. Staff discussed their college experiences and how pursuing post-secondary education made a positive impact on their lives. SeaCoast is proud to announce that Avalee Jemery, Bryan Reyes, and David DeJesus Rivera participated in the district-wide showcase. Avalee and Bryan shared their project "Perspective: Lady MacBeth, A Speech and Rap" with the community, and David shared his coding project video game: "Koduana Jones." Congratulations and thank you Avalee, Bryan, and David for representing SeaCoast and making us proud

Susan B. Anthony

SBA ASPIRERS participated in Beautify Revere on Saturday, April 27th as part of community service hours. The students worked alongside community members showing their affection and appreciation for the city we live in by doing their part. #sbapride

Whelan

Our entire school community celebrated our multicultural community with exhibits from all grade levels and delicious food from around the world shared by families. Kindergarteners worked with their families to create culture dolls which lined our main stairwell. First graders created posters of their families, food, traditions and language. Second graders made country brochures focusing on festivals, sports, and food around the world. Third graders synergized as groups to research celebrations across the world. Fourth graders interviewed immigrants to America and made trifold and 5th graders shared "Where I'm From" poems. We were so excited to see about 300 family members, School Committee Members Susan Gravelese and Gerry Visconti, over 30 staff members and the student members of our Student Council. Thank you to all who helped this evening be such a tremendous success!
