## Beachmont

The end of the year is coming quickly, and there is a lot going on at the Beachmont School. This week, we presented Alana Trunkey as our Colella award winner at the Revere City Hall. We are also celebrating the great diversity of cultures at our school during our annual Culture Night. Students have engaged in a schoolwide culture writing project in which they write about their cultures and traditions, and parents had an opportunity to view this great work as well as enjoy food and presentations by students. We thank our ESL team for all their hard work organizing this wonderful event.

## Garfield

Students in Grades K-5 at GES shared their hard work and talents while performing during our annual Spring Concert on Thursday, June 6. A special thank you to Siobhan Keplin, our music teacher, for her dedication and direction in making this show a success. We had a great turnout from parents and families who were supporting their children and our school community. Next week students will be participating in field day, which is always one of the most fun days of the year, and during which students will be making memories that they will carry throughout their lives. Thank to you our teachers and staff who served on the Field Day Planning Committee for their time and creativity in planning a day that our students will remember.

## Garfield Middle School

Congratulations again to Mia Perrin who received the George V. Colella Award for Academic Excellence this past Monday. GMS held an open house for incoming 6th graders on Tuesday which was well-received. Students are gearing up for end of the year events which kicked off with a field trip to Dave and Busters on Wednesday. 6th and 7th grade field day will be on June 10th and 11th, a 6th grade Financial Strategies Auction will be held on the 13th, and the 8th grade moving-on ceremony will be held on June 14th at 2:30.

## Hill

On Monday, June 3rd, fifth grader Omolade Adeniyi was awarded the George V. Colella Award for Academic Achievement. Omolade is an exceptional student who loves to read and plans to pursue a career in medicine. She celebrated this honor with her parents and sister at the award ceremony at City Hall. Congratulations, Omolade! Also this week, 4th and 5th grade students traveled to the Topsfield Fair Grounds to participate in the annual Agricultural Days exhibits. Students learned about the importance of agriculture, what plants are made into, and even planted some crops themselves.

## Lincoln

Next Monday and Tuesday mark the annual Lincoln Field Day for our students! PreK and K students will participate in activities on Tuesday, 6/11, and grade 1-5 student activities will be held on Monday, 6/10. Special thanks to April Feeney, Lincoln PE, and our dedicated PTA for making this event successful year after year. We will also be having a McDonald's Family Night on Monday, June 11, at the McDonald's on Squire Road. We hope you will be able to join us from 4-7PM.

## Paul Revere

It's a whirlwind of special events at Paul Revere School. Yesterday, students in all grades welcomed their families to our Project Based Learning Showcase. Parents, siblings, and other loved ones saw exhibits on our Revere community, animal habitats, geography, immigration, the American Revolution, and many more topics representing the work of students and their teachers over the course of the year. We were all so

proud of our students' hard work. The excitement continues tomorrow with Field Day, and next week with the Spring Sing on Tuesday, 5th Grade Moving Up Ceremony on Wednesday, 4th grade Day of Kindness on Thursday, and the 5th grade dance on Friday. We are ending a fantastic year on a high note!

## Revere High School

Congratulations to Andrew Turchon, Bethanne Goldman, and Allison Casper, who presented at the 5 District Partnership Educator Showcase on Thursday, May 30, 2019. Andrew and Bethanne's topic was entitled "Thinking Outside the Classroom: Urban Youth and Education Outdoors," and it highlighted the work these teachers do with students in the Outdoors Club. Allison's presentation was entitled "All Writers Need Readers: The Idea of a High School Writing Center," and it featured Allison's groundbreaking work with students in launching a Writing Center at Revere High School. In addition, several Revere High School teachers presented their work in the poster session before the event.

## Rumney Marsh Academy

The RMA would like to congratulate all of our students who participated in our annual Talent Show. Congratulations to Reyhan Bensadok, Paola Escobar, Sandra Garcia, Marcus Heywood, Madyson Marquado, Vanisha Samon, Mark Carneiro, and Ms. DiNolo's Dance Team for their amazing performances! Special thank you to Erin Chiesa, Rachel LeBlanc, Andrea Solemina, Amy Blenk, Dan DiSario, Meredith Kelley, and all RMA Staff that made this year's RMA Talent Show such an amazing success! Go Hawks!

## Seacoast

The SeaCoast staff is proud to announce that 21 of our seniors will be "walking the stage" at Graduation tonight at Harry DellaRusso Stadium. The entire SeaCoast community congratulates our graduates and their families. We all wish you well in your future academic and professional endeavors. Last week "Year Up" presented academic and professional opportunities for our students. "Year Up" is a program for young adults to move from minimum wage jobs to meaningful careers in just one year. This organization offers intensive training that combines marketable job skills, stipends, and internships while earning college credits.

## Susan B. Anthony

Congratulations to 8th grader Elizabeth Mesina who was honored on Monday afternoon by the Revere City Council for being named the George V. Colella Academic Award Winner. Elizabeth is SBA's top ranked student in her class. This was also an honor bestowed upon her as a 5th grader at the Whelan School. Congratulations Elizabeth! #sbapride

## Whelan

This week, Candi Conley and Mike Siciliano attended the STMath training to prepare them to be part of "A community of educators working to ensure that all students are mathematically equipped to solve the world's most challenging problems." Through this training they are excited to expand their strategies to impact student learning through the use of ST Math. They will be able to support our school in leading ST Math professional development. Our K-3 students who participated in the literacy coach program welcomed their families in a celebration with our Generations volunteers on Wednesday afternoon. On Monday evening, 5th grader Ivan Tejada-Serrano received the George V. Colella Award at Revere City Hall.
