

Family Survey

Families of 3812 students in Revere Public Schools are represented by the survey results.

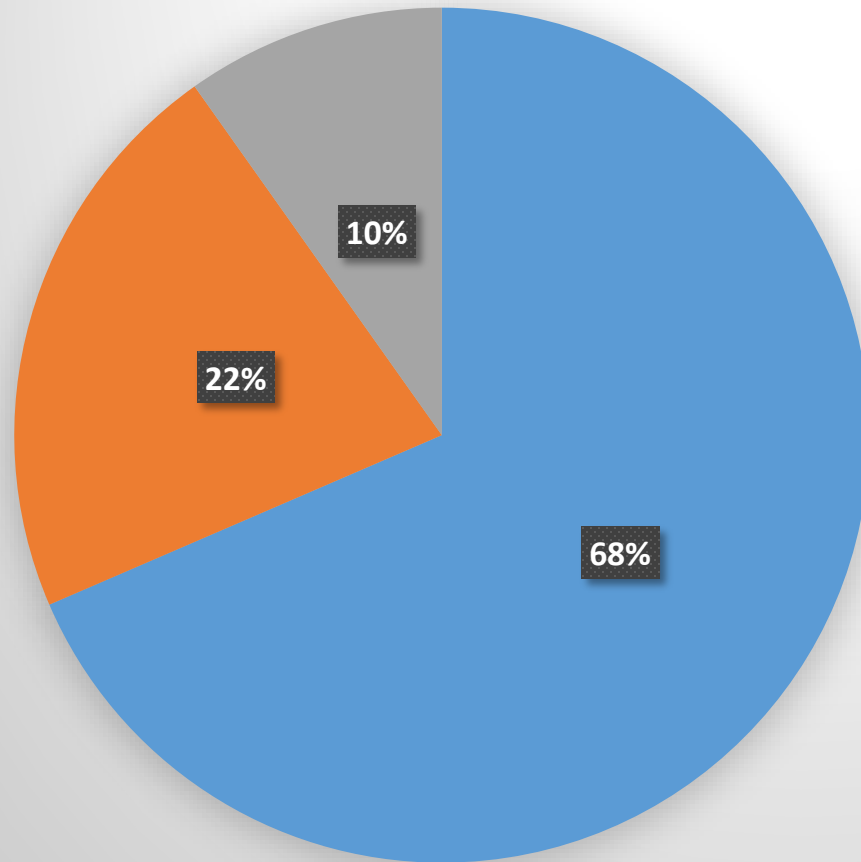

What best describes the Internet access at the location where your child connects to remote learning and/or completes their school work?

How satisfied are you with the level of communication from your school?

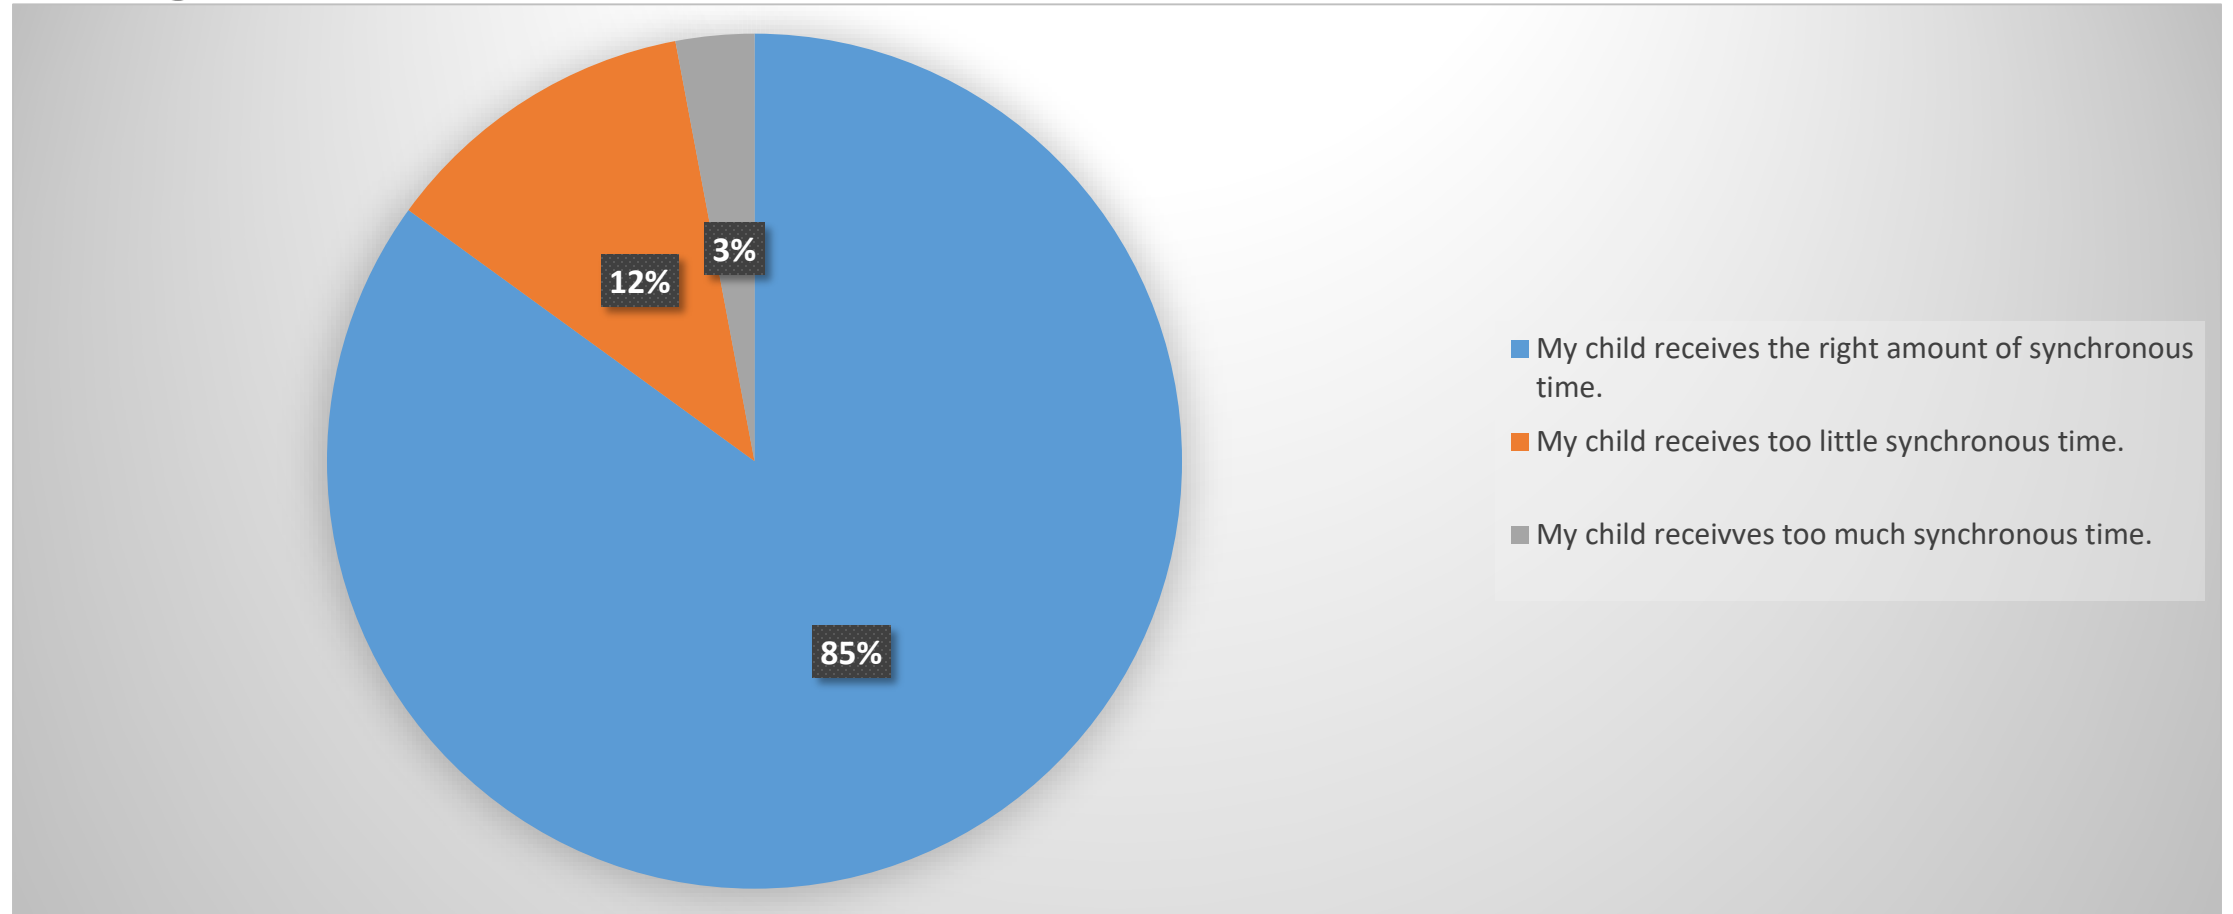

How pleased are you with your child's engagement during remote learning since September 16, 2020.

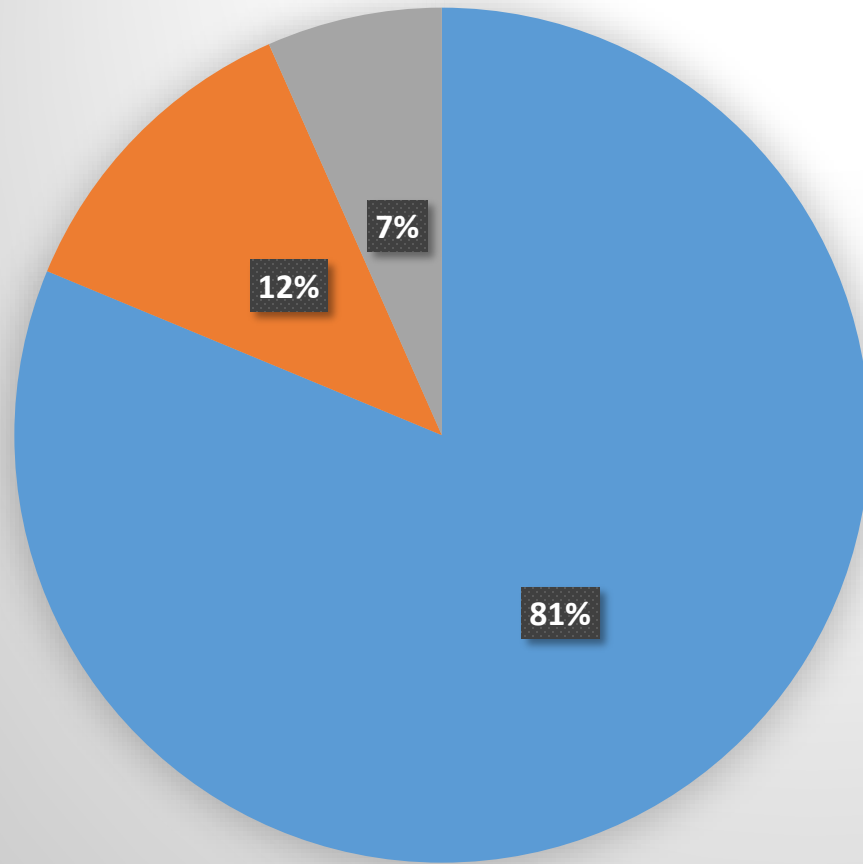

- Very. They have engaged almost every day.
- Somewhat. But I feel as though more support from the schools is needed.
- Not pleased. It has been extremely difficult and is not working for us.

How would you describe the amount of synchronous time (when your child is live with a teacher) during remote learning?

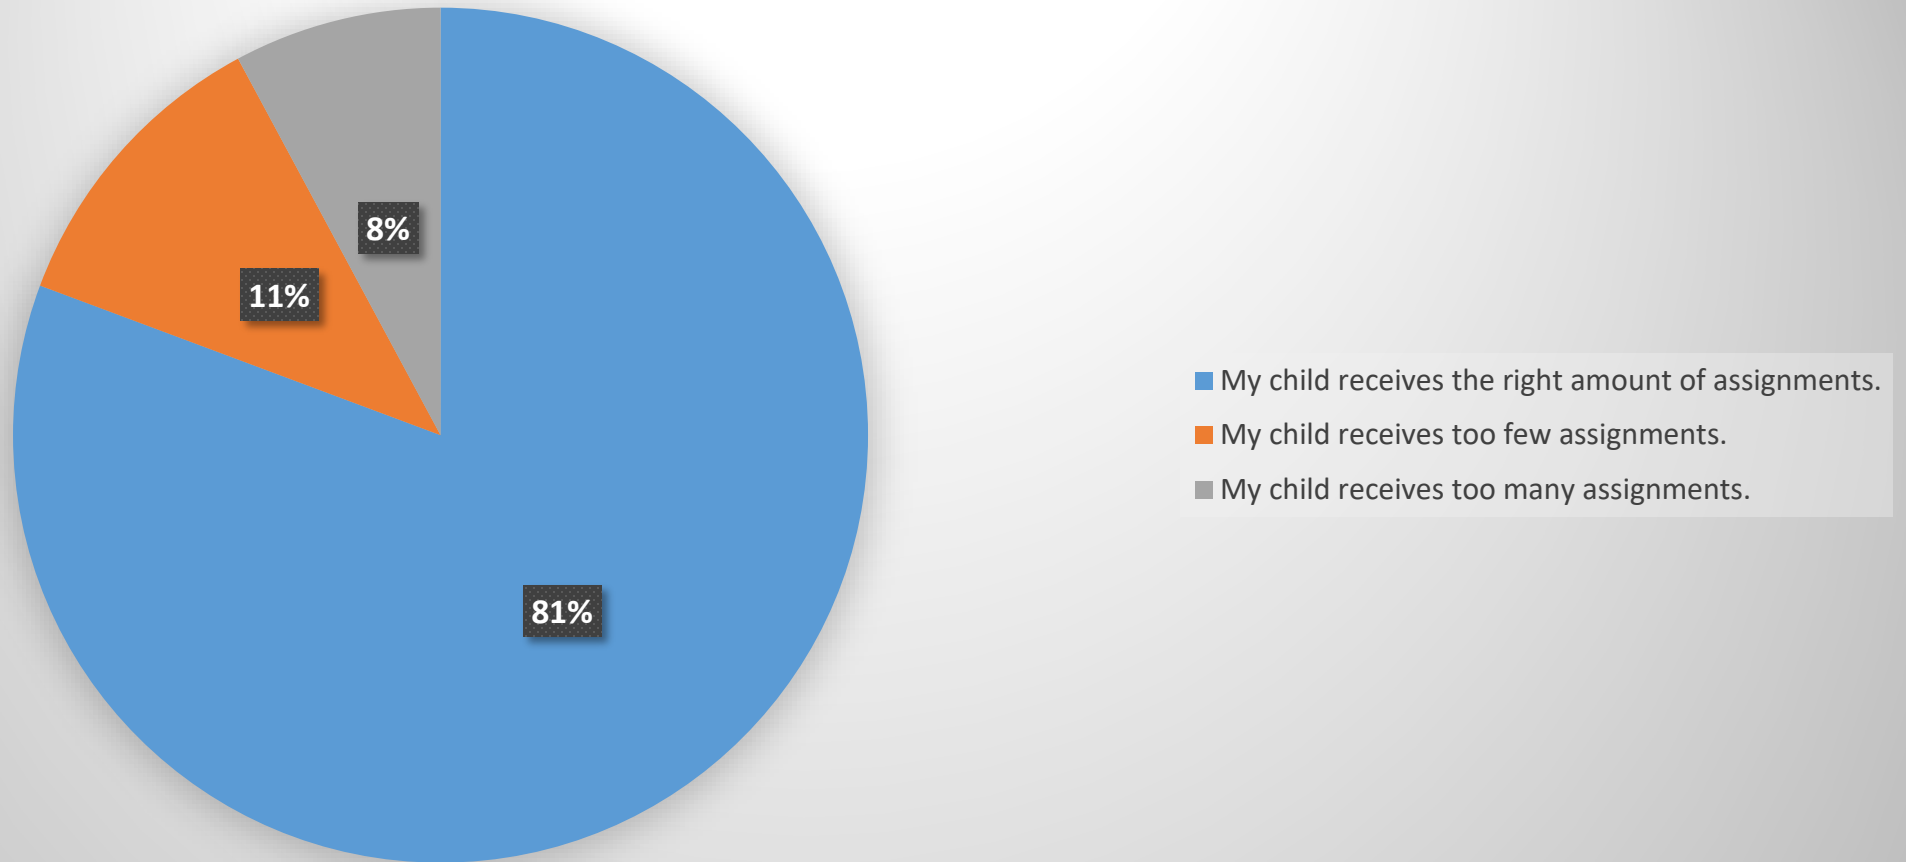

How would you describe the amount of asynchronous time (when your child is working off-line) during remote learning?

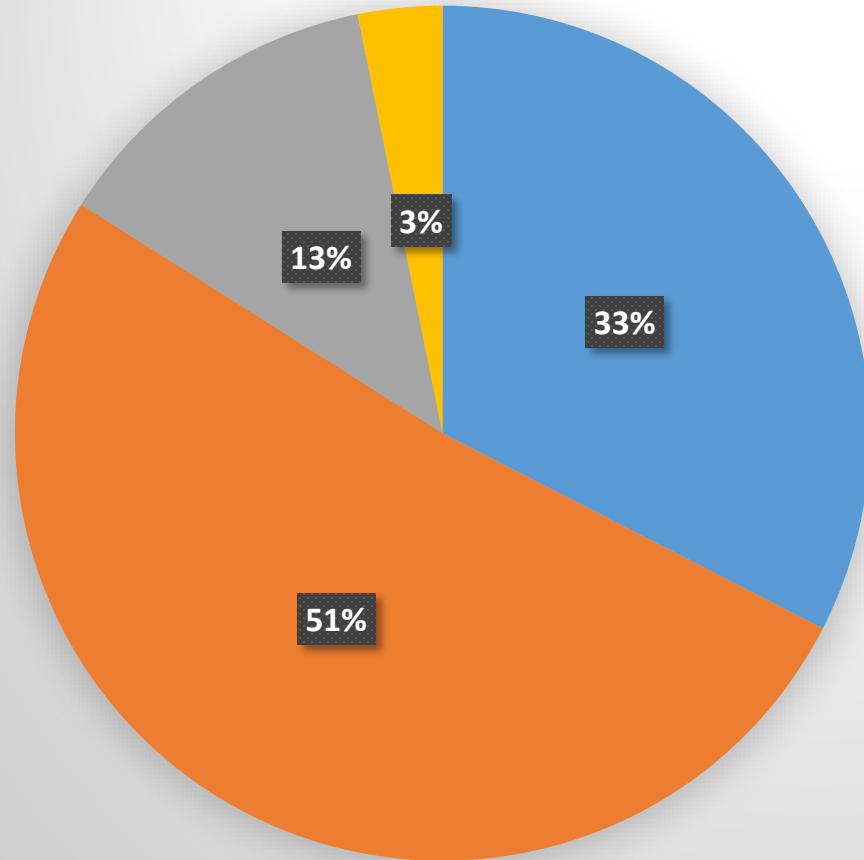

- My child receives the right amount of asynchronous time.
- My child receives too little asynchronous time.
- My child receives too much asynchronous time.

How would you describe the amount of schoolwork assigned during remote learning?

How satisfied are you with the level of feedback from teachers about your child's progress?

- I am extremely satisfied with the level of feedback that has been provided about my child's progress.
- I am satisfied with the level of feedback that has been provided about my child's progress.
- I am not satisfied with the level of feedback that has been provided about my child's progress and need more.
- I am extremely unsatisfied and have not received feedback about my child's progress.

How concerned are you about your student's current social/emotional health and well-being?
